

NOW LIKE OTHER CHILDREN — Sandra Walden, right, is able to take part in activities enjoyed by all children her age such as building a snowman because of open heart surgery performed when she was 16 months old to correct a birth defect. Sandra, 3½, is the daughter of Mr. and Mrs. Raymond Wal-

den. She and her next door neighbor, Belinda Patterson, 5, daughter of Mr. and Mrs. J. W. Patterson are proud of the snowman they made Tuesday morning. Contributions to the March of Dimes are used for research and treatment of birth defects.

TO AID OTHER SANDRAS—

Mothers' March Set for Tonight

Among the many children who enjoyed the snow this week was Sandra Walden, 3½ year old daughter of Mr. and Mrs. Raymond Walden, who in September, 1963, underwent open heart surgery to enable her to lead a normal life.

She was out playing Tuesday morning with Belinda Patterson, 5, who lives next door. They made a snowman, a delight of children of all ages.

Sandra and many more like her that are born with birth defects are today being helped through research and financial aid made possible by the March of Dimes.

Sandra had surgery at the age of 16 months to correct heart defects which included a hole in the heart chamber and a restriction in the main artery from the heart to the lung.

Her condition was noticed when she was two weeks old by a doctor in Taylor where she was born. The family moved here in 1962 and in September of the following year arrangements were completed for her to have surgery in Dallas in the Children's Center of R. B. George Memorial Hospital.

She only goes back to Dallas now for periodic check-ups.

Today (Thursday) Hamlin residents will have an opportunity to do their share in the fight against birth defects by contributing to the March of Dimes during the Mothers March which begins at 5 p.m.

The Jones County goal this year is \$5,000 according to Joe E. Ford, chairman. Ford said that a large percentage of the funds remain in the County to aid those who need it.

MAKE PLANS FOR MOTHER'S MARCH

— Presidents of three women's groups that will be sharing the responsibility of the annual Mother's March tonight (Thursday) met Monday to make plans. They are Mrs. Dewey Nunley, Beta Theta; Mrs. Harold Johnson, Hamlin Parent-

Teachers Association; and Mrs. Jack Lee, Jaycee-ettes. Women from these organizations and the Future Homemakers of America will be calling in the residential district tonight collecting funds for the March of Dimes.

Piperettes to Host Coleman Tonight; Boys to Stamford Tues.

The Pipers go into the second round of District play Tuesday night as they travel to Stamford to take on the Bulldogs. The Pipers are still looking for their first conference win as they have been edged out by close margins by all of their district foes.

The Piperettes will take off from conference warfare tonight (Thursday) as they play host to the A and B teams from Coleman. They will travel to Coleman Tuesday night to meet them again.

The Piperettes are tied with Haskell for the lead in the district race as they end the first round, owning a 3-1 record.

The Pipers forced Anson into three over-time periods Tuesday night before losing, 42-38. The game was tied at 32-32 at the end of regulation time. The score was 34-34 at the end of the first over-time and 36-36 at the end of the second extra period.

James Ledbetter was high for the Pipers with 23 points, followed by Milton Davis with nine.

The Piperettes pulled out a hard fought victory in their game with Anson, winning 51-48. The Piperettes led until late in the game and fell behind by one point before gain-

ing back their three point lead.

Judy Jenkins was high for the girls with 26 points.

The Pipers lost another heart breaker here last Friday night as they fell to Bal-linger, 54-51. The Pipers lead

Local School Conducting Annual Census

The Hamlin Independent School District is taking its annual School Census this month, according to Superintendent C. F. Cook. Each school in Texas is required to count all of the school age children in the district during the month of January.

Each child between the age of six before September 1, 1966 and 18 after September 1, 1966, must be turned in on the census.

According to Cook the children that will be starting school next September are the ones hardest to count.

He has requested that any parent who has a child that will be six before Sept. 1, 1966, to call Mrs. Fred Smith at the Primary School Building or to call the Superintendent's office.

Cook pointed out that these children are needed on the census roll for two purposes. The first reason is to know how many students will be in the first grade next year and the second is to establish their correct age.

at the end of each of the first three quarters before getting out scored, 10-6, in the final period.

Davis was high for the Pipers with 17 points followed by Louis Shelton with 15.

The Piperettes took an easy victory over Ballinger as they played their second team in the final quarter. They won 57-35.

Poll Tax Sales Lagging Behind

Sale of Poll taxes in Jones County is slow, A. J. French, tax assessor-collector, said this week. "Many voters are confused over the law," French said. "They apparently have forgotten that a poll tax receipt is necessary to vote in all but national elections."

Although the legality of the Texas poll tax law is being contested in federal court, no decision has been handed down and voters are warned that they might find themselves disfranchised if they fail to buy a poll tax receipt.

French reminded that there has been a slight change in the law this year. Now applications for poll tax must carry a post mark of not later than Jan. 31 and must be in the hands of the tax collector by Feb. 5.

Poll taxes are also being issued at the chamber of commerce office in Stamford, at the city office in Lueders and at the board of community development office at Hamlin.

The snow here Monday brought smiles to the faces of youngsters and wheat farmers as the long awaited winter weather arrived.

Tuesday afternoon a light drizzle began and continued steadily, turning to snow in the early morning hours Wednesday. At 8 a.m. the official reading was .31 moisture, bringing the week's total to .51.

Driving conditions had not become hazardous by Wednesday noon as the snow and rain was not accompanied by a hard freeze.

"I know, but I am kind of sad, replied a senior.

Half of the year is completed, and now the students are trying to start the new semester off right. Everyone is studying! Let's keep it us the rest of the year!

Friday night, Jan. 14, the Hamlin gym was filled with basketball fans. The Boy's B team started the night off with a victory over the Ballinger Bearcats. Next, the Piperettes added another win to the night. The last game had everyone sitting on the edges of the bleachers! The Pipers and the Bearcats scored one after another. The game ended with the Bearcats making the final points. No one left the gym sad, because we had two victories and some real Pipers who really tried!

Let's all go out and back our freshman teams. They are also doing a good job.

A fine contribution has been made to our school. The Henry Albrittons have placed "Tell It Again", By Annie Wright Boyd, in our library. Many a student will learn more about the early days in Texas from reading this volume.

Wednesday morning, Jan. 19, the F. H. A. Chapter was in charge of the morning devotion. The girls performed well, and many students attended.

Exciting news from FRIGIDAIRE ELECTRI-CLEAN OVEN!

From dirty... to clean
AUTOMATICALLY

NO MORE MESSY CLEANING

Q. What happens to the dirt?

A. The Electric-clean oven heats up to about 900°. At this temperature oven soil is turned into a loose ash and vapor. The vapor is vented thru a special air purifier.

Q. How can it clean the racks & drip bowls?

A. Frigidaire uses a special heat-resistant porcelain enamel for both the oven liner and cooking unit drip bowls. The racks get cleaned right along with the rest of the oven.

Q. Is there any hand cleaning left to do?

A. Possibly there will be a small amount of loose ash that may remain after cleaning. This can be whisked out easily.

Q. What about safety features?

A. As soon as the temperature rises above broiling heat, oven double-locks itself. It can not be re-opened until the temperature returns to conventional oven heat. Frigidaire uses extra insulation and its electrical system and high heat process are UL approved.

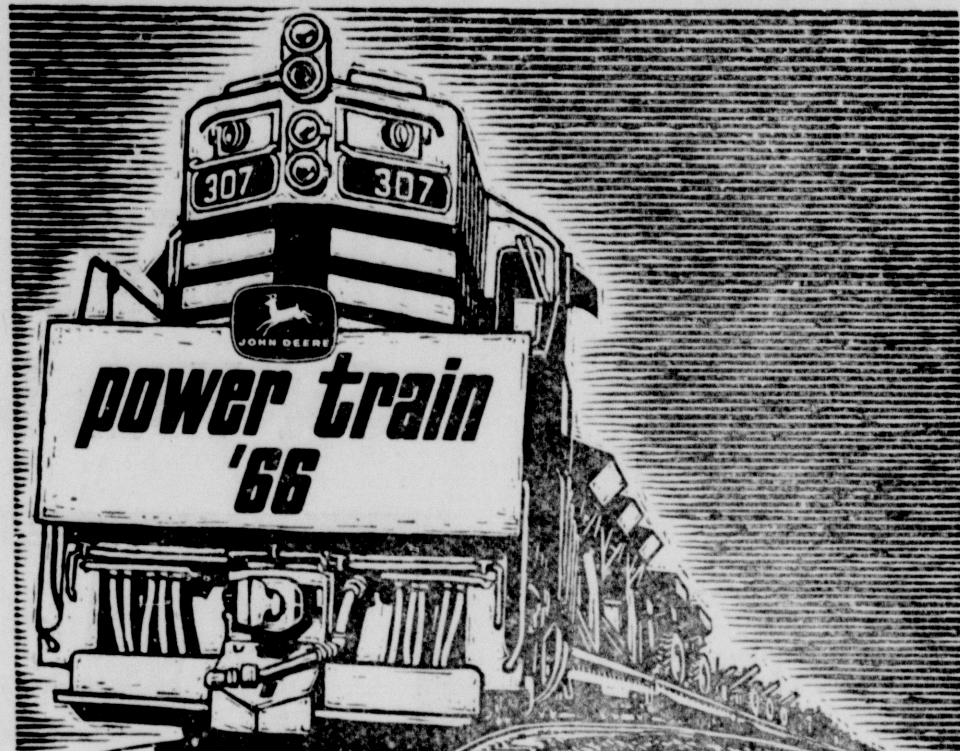

Q. How expensive is it to operate?

A. This full-size oven cleans itself for about the price of a cup of coffee—much less than the cleaning cost of special chemical oven cleaners.

This unique Frigidaire Range may seem too good to be true. But, true it is and you may see it at your nearest WTU showroom.

President Wilson Marries
MARRIED at the residence of the bride in Washington, D. C. on Saturday night, Dec. 18, Mrs. Edith Galt to Mr. Woodrow Wilson. The happy couple went to Hot Springs, Virginia, immediately, but did not attend Sunday school or church Sunday morning. The bride is a woman of shapely figure, and has a smile that has caused many widowers and bachelors to tremble. She has also a jewelry store and a plethoric bank account that add to the beauty of her complexion and the irresistibility of her smile. The groom is a well behaved gentleman, who says some mighty good things. He writes letters to foreign countries, the logic of which makes potentates tremble in their boots, while the smooth rhetorical finish makes them feel like they had quaffed a quart of buttermilk or taken an electric massage.
May the smile which turned the White House from a house of mourning into a house of joy, win for Edith everything she wants. And may the versatile diplomacy which enabled the President to win diplomatic victories over all Europe and capture the fairest widow in the national's capital at the same time, never desert Woodrow.

FROM THE EAGLE'S BEAK...

With the coming of the new week many of the students of McCauley High are rejoicing because of the end of mid-term exams, but all good tidings bring bad tidings, because this week we find out the grades that we made, which could mean disaster for some.
There was a senior and junior class meeting last Tuesday. Plans for increasing the senior fund were discussed. It was decided to have a chili supper, pancake supper, work day, car wash and wax, scrap iron drive, and senior-junior play. The discussion was lively as the students tried to decide upon the places to visit on the trip. We're not sure which road we'll take, but we're pretty sure we'll end up in Galveston.
The high school basketball teams had a week of rest last week, but will be ready to meet the Highland Hornets here Tuesday and the Trent gorillas here Friday. The girl's team asks for your good wishes and prayers.

The seniors and juniors enjoyed a nice turnout at the Chili Supper Thursday night. We were kept jumping trying to keep all those dishes washed. We would like to say thanks to Jerry Crowley and let him know we're backing him 100 %. Charlene Maberry, Oran Gann Sr. and the mothers of the class members also contributed their support and energy in preparing the chili and keeping things in order at the supper. There was dominoes in the geometry room, this kept the adults busy while the cleanup committee was hard at work.
A farewell party was given in honor of Mrs. Encke, who has left us to take the job of Jones County Librarian. The

John D. (Dicky) Ferguson was named community March of Dimes drive chairman.
R. H. Cooleys celebrate a half of a century of married bliss with an open house at their home.
J. M. Stinnetts have open house to celebrate their golden anniversary.

FAIRVIEW NEWS...

By Mrs. Elmer Joiner

The winter that we have been looking for so long has finally arrived Sunday. Although the temperature did not get very low, with the wind blowing it made you think you were freezing to death. Snow began to fall in the area Monday. The wheat is very much in need of some kind of watering. We are grateful for any kind.

Sunday was the last day for the Kenneth Leveretts to be with us, so all carried lunch to church with them, as a surprise to the retiring pastor. When it was all put together we had a feast fit for a king, so we think every one went away with a full stomach. All but little Kelly Leverett, his mother not knowing they would be away for lunch, didn't bring his food, but he managed to get by until he got home on his bottle. A piece of Corning ware was presented them as a parting gift from the church.

Next Sunday Rev. Leverett will be in the pulpit of the Sylvester Baptist Church, as the new pastor. We all send our love and good wishes with them, as they go to this new field of work.

Next Sunday the Fairview Church will have Sunday School, then have a business meeting to discuss the future of the church, securing a pastor, etc.

Mrs. Woodrow Goodwin and Linda were in Abilene last Friday and visited with Mrs. Jerry Burrows and little son. Mrs. Burrows is the former

Sandra Randolph, daughter of the M. E. Randolphs, former pastor of our church. This is the first grandchild, as well as the first boy in their family, and the Goodwins report him to be a cutie. Also visiting were Mrs. Randolph and Charlotte.

Sunday afternoon, Mr. and Mrs. Willard Herring and sons, Abilene, came to see her parents, the Joe Fords.

Sunday afternoon and supper guest of the Flavil Holmes, were Mr. and Mrs. R. O. Clements, Pampa, who is Mrs. Holmes' sister. They were accompanied by Mr. Clements' mother, Mrs. Bob Clements, of Peacock. Also present were Mr. and Mrs. Jack Wright, Melinda, Keenan and Randy, from Abilene.

Mrs. C. C. Renfro, known as "Miss Tennie", passed away last Friday morning and was buried Saturday. Funeral services were held in the First Baptist Church, where she was a member, with interment in the Neinda Cemetery beside her husband, who passed away in 1962. Miss Tennie had spent many years in this community, before her marriage to Mr. Renfro, then they also lived here afterwards. Most of the people of this community attended the funeral services.

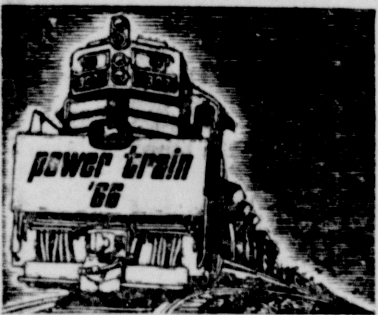

We reported last week that we would go to Fort Worth with our daughter, Mr. and Mrs. Runt McCoy, where she would have surgery on one hand. The operation was performed, as scheduled, Tuesday morning, all returning home Wednesday. Mrs. McCoy just did fine, a trip back to Fort Worth Saturday for a visit with the doctor again had to be made. The McCoy's report that the doctor was very pleased with the results so far, her hand will be in a cast for four to six weeks. As soon as this one recovers enough to use, she will have the other one operated on.

Woodrow Goodwin is plowing with a new John Deere tractor, it takes one every few years to keep up with modern farming.

Mrs. Henry Kee, Lubbock, sister of Elmer Joiner, was scheduled for surgery in Methodist Hospital, Wednesday morning. At this writing, the Joiners were planning to be present, as well as Sonny Joiner, San Antonio and the daughter, Mrs. D. W. Martindale, Beeville.

Services were held Saturday at 2 p.m. in First Baptist Church for Mrs. C. C. Renfro, 80, pioneer area resident. She died at 2 a.m. Friday at Holiday Lodge after an illness of two months.

Born Tennie Riddle, Feb. 25, 1885, in Bosque County, she was the daughter of the late Mr. and Mrs. C. C. Riddle. She came to the Hamlin area in 1906. She was married to C. C. Renfro July 4, 1923, in Hamlin. They farmed southeast of here for about 40 years. He died in 1962.

Mrs. Renfro was a member of First Baptist Church.

Services were conducted by the pastor, Rev. Byron Bryant. Burial was in Neinda Cemetery. Grandsons and nephews were pallbearers.

Survivors include four sons, W. E. of Florida, R. L. of California, Clarence and Gerald of Levelland; one daughter, Mrs. L. F. (Aliene) Dalton of Odessa; two brothers, Ralph Riddle of Hamlin, A. S. Riddle of Lamesa; three sisters, Mrs. W. R. (Mary) Downey of Clifton, Mrs. H. B. (Mattie) Williams of Tuscola, Mrs. Ross V. (Crickie) Fomby of Hamlin, 13 grandchildren and 12 great-grandchildren.

To Receive Degree At Tarleton State

Kenneth Wigington, son of Mr. and Mrs. Charles O. Wigington, 237 N. E. Ave. A, Hamlin, is one of 15 candidates for degrees to be conferred Jan. 27 at Tarleton State College, Stephenville.

Wigington is a candidate for the bachelor of science degree in biology.

He is a 1961 graduate of Hamlin High School.

Michael K. McCoy Named Local Phone Manager

Michael K. McCoy, Odessa, a staff assistant for the Southwestern Bell Telephone Company has been named manager here for the company. McCoy succeeds Joel Hurley who has been promoted to manager in Abilene.

Bill Ingley, district manager, said both appointments are effective Feb. 1. McCoy, the new manager, joined the telephone company in 1964 as a public telephone coin collector in Lubbock. The following year he was promoted to business representative and transferred to Big Spring. He later served at Amarillo in the same capacity. He was promoted to staff assistant in August of last year and assigned to Odessa. He has lived there since that time. McCoy is married and has one child. He will reside in Sweetwater.

Two from Here To Be In Play

Abilene — Elizabeth Ann Cunningham and Mary Lois Patterson, two 1965 graduates of Hamlin High School, will play the parts of Villagers in "Teahouse of the August Moon," a play that will be presented by the Hardin-Simmons University drama department January 14-15, 21-22.

"Teahouse" is a light comedy based on the American occupation of Okinawa immediately after World War II. An American officer is sent to a backwoods village to bring the natives the benefits of U. S. culture. But just the opposite effect is achieved, which is where the laughs come in.

One feature of "Teahouse" that may be of special interest to university students is that two prominent faculty members will star in the production. Dr. Richard Kim, pro-

fessor of political science and head of the department, has the key role of Sakini, while Raymond Bailey, a member of the speech faculty and debate coach, plays the part of Colonel Purdy III.

Sandwiched by faculty members, Dean Hart, a freshman from Abilene, will star as Captain Fisby. Fred Zehrer is to be Captain McLean, while Darla Ferris will portray the exotic but rebellious Lotus Blossom.

Miss Cunningham is a daughter of Mr. and Mrs. L. J. Cunningham, and Miss Patterson is a daughter of Mr. and Mrs. LaFoy Patterson. Both are freshmen at Hardin-Simmons University.

There is no charge for the school says Clayton, but those interested in attending should contact the county agent at their earliest convenience since there is limit to the number which can be accommodated.

Auto Inspection Deadline Nearing

Austin — Col. Homer Garrison Jr., director of the Texas Department of Public Safety, commended Texas motorists today for their improving compliance with the Motor Vehicle Inspection law.

"Already some 250,000 more vehicles are displaying the new inspection sticker than there were at the same time last year," he said. "This indicates that Texans are aware of the benefits of having their cars inspected early. Not only does it give each driver the assurance that his vehicle is mechanically sound, it also relieves him of the irritating necessity of having to wait in line as the April 15 deadline

draws nearer."

Although many more motorists have had their cars inspected early this year, some 3,450,000 still have to be inspected during the next three months. This means that each

inspection station will have to inspect over 10 cars per day on the average to get each vehicle inspected before the deadline.

Mr. and Mrs. Calvin Joe Gann are parents of a daughter, Kam Michelle, born Jan. 16 at 4:56 p.m. weighing 7 lbs. 15 oz.

NOW LIKE OTHER CHILDREN — Sandra Walden, right, is able to take part in activities enjoyed by all children her age such as building a snowman because of open heart surgery performed when she was 16 months old to correct a birth defect. Sandra, 3½, is the daughter of Mr. and Mrs. Raymond Wal-

den. She and her next door neighbor, Belinza Patterson, 5, daughter of Mr. and Mrs. J. W. Patterson are proud of the snowman they made Tuesday morning. Contributions to the March of Dimes are used for research and treatment of birth defects.

TO AID OTHER SANDRAS—

Mothers' March Set for Tonight

Among the many children who enjoyed the snow this week was Sandra Walden, 3½ year old daughter of Mr. and Mrs. Raymond Walden, who in September, 1963, underwent open heart surgery to enable her to lead a normal life.

She was out playing Tuesday morning with Belinza Patterson, 5, who lives next door. They made a snowman, a delight of children of all ages.

Sandra and many more like her that are born with birth defects are today being helped through research and financial aid made possible by the March of Dimes.

Sandra had surgery at the age of 16 months to correct heart defects which included a hole in the heart chamber and a restriction in the main artery from the heart to the lung.

Her condition was noticed when she was two weeks old by a doctor in Taylor where she was born. The family moved here in 1962 and in September of the following year arrangements were completed for her to have surgery in Dallas in the Children's Center of R. B. George Memorial Hospital.

She only goes back to Dallas now for periodic check-ups.

Today (Thursday) Hamlin residents will have an opportunity to do their share in the fight against birth defects by contributing to the March of Dimes during the Mothers' March that begins at 5 p.m.

The Jones County goal this year is \$5,000 according to Joe E. Ford, chairman. Ford said that a large percentage of the funds remain in the County to aid those who need it.

MAKE PLANS FOR MOTHER'S MARCH

Presidents of three women's groups that will be sharing the responsibility of the annual Mother's March tonight (Thursday) met Monday to make plans. They are Mrs. Dewey Nunley, Beta Theta; Mrs. Harold Johnson, Hamlin Parent-

Teachers Association; and Mrs. Jack Lee, Jaycee-ettes. Women from three organizations and the Future Homemakers of America will be calling in the residential district tonight collecting funds for the March of Dimes.

Piperettes to Host Coleman Tonight; Boys to Stamford Tues.

The Pipers go into the second round of District play Tuesday night as they travel to Stamford to take on the Bulldogs. The Pipers are still looking for their first conference win as they have been edged out by close margins by all of their district foes.

The Piperettes will take off from conference warfare tonight (Thursday) as they play host to the A and B teams from Coleman. They will travel to Coleman Tuesday night to meet them again.

The Piperettes are tied with Haskell for the lead in the district race as they end the first round, owning a 3-1 record.

The Pipers forced Anson into three over-time periods Tuesday night before losing, 42-38. The game was tied at 32-32 at the end of regulation time. The score was 34-34 at the end of the first over-time and 36-36 at the end of the second extra period.

James Ledbetter was high for the Pipers with 23 points, followed by Milton Davis with nine.

The Piperettes pulled out a hard fought victory in their game with Anson, winning 51-48. The Piperettes led until late in the game and fell behind by one point before gain-

ing back their three point lead. Judy Jenkins was high for the girls with 26 points.

The Pipers lost another heart breaker here last Friday night as they fell to Ballinger, 54-51. The Pipers lead

Local School Conducting Annual Census

The Hamlin Independent School District is taking its annual School Census this month, according to Superintendent C. F. Cook. Each school in Texas is required to count all of the school age children in the district during the month of January.

Each child between the age of six before September 1, 1966 and 18 after September 1, 1966, must be turned in on the census.

According to Cook the children that will be starting school next September are the ones hardest to count.

He has requested that any parent who has a child that will be six before Sept. 1, 1966, to call Mrs. Fred Smith at the Primary School Building or to call the Superintendent's office.

Cook pointed out that these children are needed on the census roll for two purposes. The first reason is to know how many students will be in the first grade next year and the second is to establish their correct age.

at the end of each of the first three quarters before getting out scored, 10-6, in the final period.

Davis was high for the Pipers with 17 points followed by Louis Shelton with 15.

The Piperettes took an easy victory over Ballinger as they played their second team in the final quarter. They won 57-35.

Poll Tax Sales Lagging Behind

Sale of Poll taxes in Jones County is slow, A. J. French, tax assessor-collector, said this week. "Many voters are confused over the law," French said. "They apparently have forgotten that a poll tax receipt is necessary to vote in all but national elections."

Although the legality of the Texas poll tax law is being contested in federal court, no decision has been handed down and voters are warned that they might find themselves disfranchised if they fail to buy a poll tax receipt.

French reminded that there has been a slight change in the law this year. Now applications for poll tax must carry a post mark of not later than Jan. 31 and must be in the hands of the tax collector by Feb. 5.

Poll taxes are also being issued at the chamber of commerce office in Stamford, at the city office in Lueders and at the board of community development office at Hamlin.

Tuesday afternoon a light drizzle began and continued steadily, turning to snow in the early morning hours Wednesday. At 8 a.m. the official reading was .31 moisture, bringing the week's total to .51.

Driving conditions had not become hazardous by Wednesday noon as the snow and rain was not accompanied by a hard freeze.

It is my sincere hope that the coming year will be the best ever and that you will look toward 1966 and its new officers with the same optimism with which we view our opportunity to build a greater Hamlin for the benefit of all," he concluded.

Nail also urges all citizens to show their personal concern for the future of Hamlin by attending the banquet and showing their interest in the BCD and its leaders.

Exciting news from FRIGIDAIRE ELECTRI-CLEAN OVEN!

From dirty... to clean AUTOMATICALLY

NO MORE MESSY CLEANING

Q. What happens to the dirt?

A. The electric-clean oven heats up to about 900°. At this temperature oven soil is turned into a loose ash and vapor. The vapor is vented thru a special air purifier.

Q. How can it clean the racks & drip bowls?

A. Frigidaire uses a special heat-resistant porcelain enamel for both the oven liner and cooking unit drip bowls. The racks get cleaned right along with the rest of the oven.

Q. Is there any hand cleaning left to do?

A. Possibly there will be a small amount of loose ash that may remain after cleaning. This can be whisked out easily.

Q. What about safety features?

A. As soon as the temperature rises above broiling heat, oven double-locks itself. It can not be re-opened until the temperature returns to conventional oven heat. Frigidaire uses extra insulation and its electrical system and high heat process are UL approved.

Q. How expensive is it to operate?

A. This full-size oven cleans itself for about the price of a cup of coffee—much less than the cleaning cost of special chemical oven cleaners.

This unique Frigidaire Range may seem too good to be true. But, true it is and you may see it at your nearest WTU showroom.

Look—we aren't kidding. For a few dollars a month more, you could be driving a Chrysler:

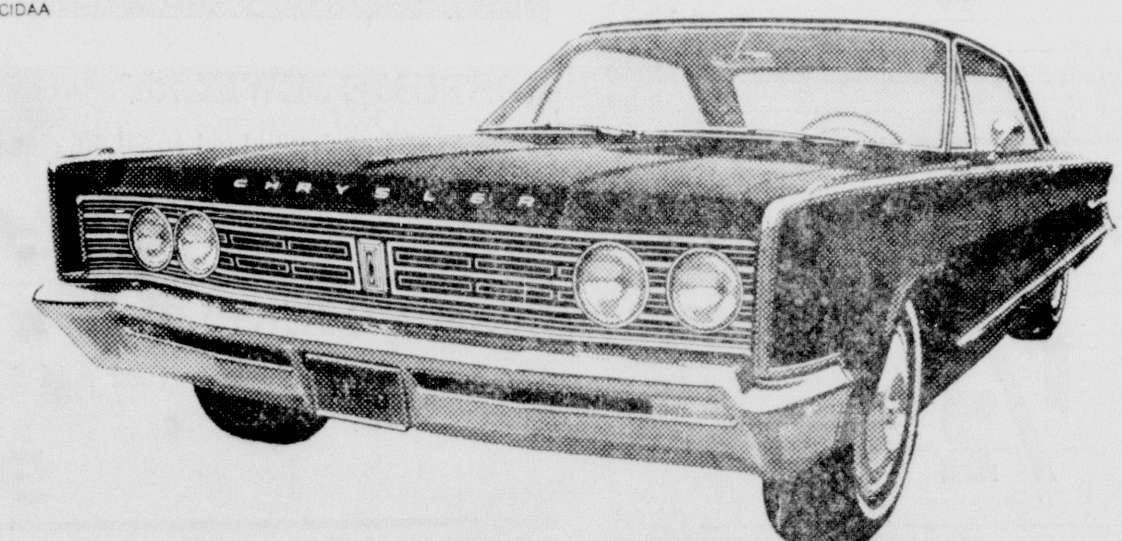

Make	Wheelbase	Overall Length	V-8 Engine Displacement	Base Monthly Payments	Difference Per Month
CHRYSLER NEWPORT	124"	219.0"	383	\$65.80	—
FORD GALAXIE 500	119"	210.0"	289	\$58.32	\$7.48
CHEVROLET IMPALA	119"	213.2"	283	\$58.45	\$7.35

BASIS OF COMPARISON—All models are two-door hardtops equipped with V-8 engine, automatic transmission, power steering, power brakes, radio and heater. Monthly payments have been computed on manufacturer's suggested retail price, 15% down and 36 monthly payments. Not included are the extras you pay for on practically any new car: whitewall tires, deluxe wheel covers, destination charges, state and local taxes, interest, insurance, and licensing fees.

The hard facts are all in the chart. You can practically pay the price of a Chrysler and get a lot less car all the way around. Or, you can come in and move up to the Chrysler class for far less money than most people suspect. Confidently, which choice makes the most sense to you, a little car or a full-size Chrysler?

CHRYSLER'S 5-YEAR/50,000-MILE ENGINE AND DRIVE TRAIN WARRANTY WITH THIS COVERAGE: Chrysler Corporation warrants, for 5 years or 50,000 miles, whichever comes first, against defects in materials and workmanship and will replace or repair at a Chrysler Motors Corporation Authorized Dealer's place of business, without charge for required parts and labor, the engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excluding manual clutch), torque converter, drive shaft, universal joints, rear axle and differential and rear wheel bearings of its 1966 automobiles, provided the owner has the engine oil changed every 3 months or 4,000 miles, whichever comes first, the oil filter replaced every second oil change and the carburetor air filter cleaned every 6 months and replaced every 2 years, and every 6 months furnishes to such a dealer evidence of performance of the required service, and requests the dealer to certify (1) receipt of such evidence and (2) the car's then current mileage.

President Wilson Marries

MARRIED at the residence of the bride in Washington, D. C. on Saturday night, Dec. 18, Mrs. Edith Galt to Mr. Woodrow Wilson. The happy couple went to Hot Springs, Virginia, immediately, but did not attend Sunday school or church Sunday morning. The bride is a woman of shapely figure, and has a smile that has caused many widowers and bachelors to tremble. She has also a jewelry store and a plethoric bank account that add to the beauty of her complexion and the irresistibility of her smile. The groom is a well behaved gentleman, who says some mighty good things. He writes letters to foreign countries, the logic of which makes potentates tremble in their boots, while the smooth rhetorical finish makes them feel like they had quaffed a quart of buttermilk or taken an electric massage.

May the smile which turned the White House from a house of mourning into a house of joy, win for Edith everything she wants. And may the versatile diplomacy which enabled the President to win diplomatic victories over all Europe and capture the fairest widow in the national's capital at the same time, never desert Woodrow.

FROM THE EAGLE'S BEAK...

With the coming of the new week many of the students of McCauley High are rejoicing because of the end of mid-term exams, but all good tidings bring bad tidings, because this week we find out the grades that we made, which could mean disaster for some.

There was a senior and junior class meeting last Tuesday. Plans for increasing the senior fund were discussed. It

was decided to have a chili supper, pancake supper, work day, car wash and wax, scrap iron drive, and senior-junior play. The discussion was lively as the students tried to decide upon the places to visit on the trip. We're not sure which road we'll take, but we're pretty sure we'll end up in Galveston.

The high school basketball teams had a week of rest last week, but will be ready to meet the Highland Hornets here Tuesday and the Trent gorillas here Friday. The girl's team asks for your good wishes and prayers.

The seniors and juniors enjoyed a nice turnout at the Chili Supper Thursday night. We were kept jumping trying to keep all those dishes washed. We would like to say thanks to Jerry Crowley and let him know we're backing him 100 %. Charlene Maberry, Oran Gann Sr. and the mothers of the class members also contributed their support and energy in preparing the chili and keeping things in order at the supper. There was dominoes in the geometry room, this kept the adults busy while the cleanup committee was hard at work.

During his eight weeks of intensified recruit training under veteran noncommissioned officer Drill Instructors, he learned small arms marksmanship, bayonet fighting, and methods of self-protection, as well as receiving instruction in military drill, history and traditions of the Marine Corps, and other academic subjects.

He has been assigned to Camp Pendleton, Calif. for four weeks of individual combat training and four weeks of basic specialist training in his military occupational field.

students are sorry to see her leave but will be looking forward to having Mrs. Hill, our new English teacher and wish her the best of luck.

Monday the snow was falling and so were a few snowballs. Guess you could say this is normal for the first snow of the year. Some of the fathers were pretty upset because it's real hard to strip cotton when it's snowing, but that didn't stop the kids from having a blast.

The Junior High basketball game was cancelled because of the weather so we wish them luck next week.

FAIRVIEW NEWS ...

By Mrs. Elmer Joiner

The winter that we have been looking for so long has finally arrived Sunday. Although the temperature did not get very low, with the wind blowing it made you think you were freezing to death. Snow began to fall in the area Monday. The wheat is very much in need of some kind of watering. We are grateful for any kind.

Sunday was the last day for the Kenneth Leveretts to be with us, so all carried lunch to church with them, as a surprise to the retiring pastor. When it was all put together we had a feast fit for a king, so we think every one went away with a full stomach. All but little Kelly Leverett, his mother not knowing they would be away for lunch, didn't bring his food, but he managed to get by until he got home on his bottle. A piece of Corning ware was presented them as a parting gift from the church.

Next Sunday Rev. Leverett will be in the pulpit of the Sylvester Baptist Church, as the new pastor. We all send our love and good wishes with them, as they go to this new field of work.

Next Sunday the Fairview Church will have Sunday School, then have a business meeting to discuss the future of the church, securing a pastor, etc.

Mrs. Woodrow Goodwin and Linda were in Abilene last Friday and visited with Mrs. Jerry Burrows and little son. Mrs. Burrows is the former

Sandra Randolph, daughter of the M. E. Randolphs, former pastor of our church. This is the first grandchild, as well as the first boy in their family, and the Goodwins report him to be a cutie. Also visiting were Mrs. Randolph and Charlotte.

Sunday afternoon, Mr. and Mrs. Willard Herring and sons, Abilene, came to see her parents, the Joe Fords.

Sunday afternoon and supper guest of the Flavil Holmes, were Mr. and Mrs. R. O. Clements, Pampa, who is Mrs. Holmes' sister. They were accompanied by Mr. Clements' mother, Mrs. Bob Clements, of Peacock. Also present were Mr. and Mrs. Jack Wright, Melinda, Keenan and Randy, from Abilene.

Mrs. C. C. Renfro, known as "Miss Tennie", passed away last Friday morning and was buried Saturday. Funeral services were held in the First Baptist Church, where she was a member, with interment in the Neinda Cemetery beside her husband, who passed away in 1962. Miss Tennie had spent many years in this community, before her marriage to Mr. Renfro, then they also lived here afterwards. Most of the people of this community attended the funeral services.

We reported last week that we would go to Fort Worth with our daughter, Mr. and Mrs. Runt McCoy, where she would have surgery on one hand. The operation was performed, as scheduled, Tuesday morning, all returning home Wednesday. Mrs. McCoy just did fine, a trip back to Fort Worth Saturday for a visit with the doctor again had to be made. The McCoy's report that the doctor was very pleased with the results so far, her hand will be in a cast for four to six weeks. As soon as this one recovers enough to use, she will have the other one operated on.

Woodrow Goodwin is plowing with a new John Deere tractor, it takes one every few years to keep up with modern farming.

Mrs. Henry Kee, Lubbock, sister of Elmer Joiner, was scheduled for surgery in Methodist Hospital, Wednesday morning. At this writing, the Joiners were planning to be present, as well as Sonny Joiner, San Antonio and the daughter, Mrs. D. W. Martindale, Beeville.

Services were held Saturday at 2 p.m. in First Baptist Church for Mrs. C. C. Renfro, 80, pioneer area resident. She died at 2 a.m. Friday at Holiday Lodge after an illness of two months.

Born Jennie Riddle, Feb. 25, 1885, in Bosque County, she was the daughter of the late Mr. and Mrs. C. C. Riddle. She came to the Hamlin area in 1906. She was married to C. C. Renfro July 4, 1923, in Hamlin. They farmed southeast of here for about 40 years. He died in 1962.

Survivors include four sons, W. E. of Florida, R. L. of California, Clarence and Gerald of Levelland; one daughter, Mrs. L. F. (Aliene) Dalton of Odessa; two brothers, Ralph Riddle of Hamlin, A. S. Riddle of Lamesa; three sisters, Mrs. W. R. (Mary) Downey of Clifton, Mrs. H. B. (Mattie) Williams of Tuscola, Mrs. Ross V. (Crickie) Fomby of Hamlin, 13 grandchildren and 12 great-grandchildren.

Michael K. McCoy Named Local Phone Manager

Michael K. McCoy, Odessa, a staff assistant for the Southwestern Bell Telephone Company has been named manager here for the company. McCoy succeeds Joel Hurley who has been promoted to manager in Abilene.

Bill Ingley, district manager, said both appointments are effective Feb. 1. McCoy, the new manager, joined the telephone company in 1964 as a public telephone coin collector in Lubbock. The following year he was promoted to business representative and transferred to Big Spring. He later served at Amarillo in the same capacity. He was promoted to staff assistant in August of last year and assigned to Odessa. He has lived there since that time. McCoy is married and has one child. He will reside in Sweetwater.

Two from Here To Be In Play

Abilene — Elizabeth Ann Cunningham and Mary Lois Patterson, two 1965 graduates of Hamlin High School, will play the parts of Villagers in "Teahouse of the August Moon," a play that will be presented by the Hardin-Simmons University drama department January 14-15, 21-22.

"Teahouse" is a light comedy based on the American occupation of Okinawa immediately after World War II. An American officer is sent to a backwoods village to bring the natives the benefits of U. S. culture. But just the opposite effect is achieved, which is where the laughs come in.

One feature of "Teahouse" that may be of special interest to university students is that two prominent faculty members will star in the production. Dr. Richard Kim, pro-

fessor of political science and head of the department, has the key role of Sakini, while Raymond Bailey, a member of the speech faculty and debate coach, plays the part of Colonel Purdy III.

Sandwiched by faculty members, Dean Hart, a freshman from Abilene, will star as Captain Fishy. Fred Zehrer is to be Captain McLean, while Darla Ferris will portray the exotic but rebellious Lotus Blossom.

Miss Cunningham is a daughter of Mr. and Mrs. L. J. Cunningham, and Miss Patterson is a daughter of Mr. and Mrs. LaFoy Patterson. Both are freshmen at Hardin-Simmons University.

Tractor Repair Clinic to Be Held in Anson Feb. 8

A tractor repair and maintenance clinic will be held in Anson from 9:00 a.m. to 3:00 p.m. on Tuesday, February 8th according to word this week from Jones County Agent, Kirby Clayton.

Mr. Henry O'Neal, Extension Service Agricultural Engineer with The Texas A & M University will conduct the school.

There is no charge for the school says Clayton, but those interested in attending should contact the county agent at their earliest convenience since there is limit to the number which can be accommodated.

Auto Inspection Deadline Nearing

Austin — Col. Homer Garrison Jr., director of the Texas Department of Public Safety, commended Texas motorists today for their improving compliance with the Motor Vehicle Inspection law.

"Already some 250,000 more vehicles are displaying the new inspection sticker than there were at the same time last year," he said. "This indicates that Texans are aware of the benefits of having their cars inspected early. Not only does it give each driver the assurance that his vehicle is mechanically sound, it also relieves him of the irritating necessity of having to wait in line as the April 15 deadline

draws nearer."

Although many more motorists have had their cars inspected early this year, some 3,450,000 still have to be inspected during the next three months. This means that each

PAGE EIGHT

Hamlin, Texas, Thursday, January 20, 1966

THE HAMLIN HERALD

inspection station will have to inspect over 10 cars per day on the average to get each vehicle inspected before the deadline.

Mr. and Mrs. Calvin Joe Gann are parents of a daughter, Kam Michelle, born Jan. 16 at 4:56 p.m. weighing 7 lbs. 15 oz.
